

LET'S POST YOUR NEWCASTLE ON CONNECTSTLE!!

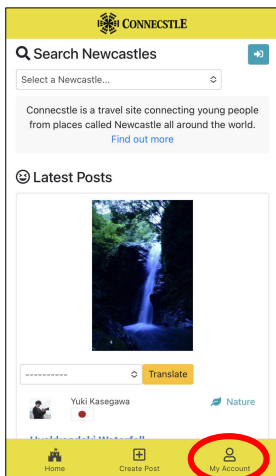

What is Connectstle?

The idea behind Connectstle came from the Shinshiro (Japan) Youth Conference in 2017. A group of young people worked on the project to develop a website to connect young people in our Newcastles and encourage travel between them. This website aims to show great places to visit in our individual Newcastles. The content is created by young people and gives their perspective on must-see places and must-do experiences, to encourage you to travel to our Newcastles. Let's make a Connectstle account and post on it what's special to you about your Newcastle!!
